

## Volunteer Opportunity Announcement YWCA Southeastern MA

### Organizational Background

Founded in 1911, the YWCA Southeastern Massachusetts is dedicated to eliminating racism, empowering women and promoting peace, justice, freedom and dignity for all. As the only YWCA south of Boston, this human service nonprofit has delivered programs and services to women and their families for over 100 years in the Bristol, Dukes, Plymouth, Barnstable, Cape and Island counties of Massachusetts. Most of the YWCA's 4,000 annual constituents reside below the poverty, economic and educational attainment levels of the state and nation with prevailing characteristics such as domestic violence, recent incarceration, substance abuse, single-parent settings, foster care, and low-income status. In order to support the diverse needs of the women and children that are served, the YWCA Southeastern Massachusetts holds four program areas including Youth Services, Health and Wellness, Adult Services and Residential Services.
