**southeastern massachusetts No better time than now to support the YWCA**

Your membership impacts the lives of so many within Southeastern Massachusetts region. Through your individual membership contribution of \$25.00, the YWCA is able to provide leadership development programming for one girl through our Girls Exclusive Program. Your contribution also helps us to achieve our advocacy efforts, which propel human rights issues including:

- medical leave
- health care
- universal pre-k
- equal pay for women
- racial justice
- disability leave

While contributions from our grantees and foundations fund various programs and activities, none is more important than the support of our members who hold a voice in this organization. Through your membership you are able to vote on issues that affect Southeastern Massachusetts. You are an integral part of furthering our mission and empowering women and girls.

## Why Support the YWCA?

“Leading Ladies has given me an empowerment to feel as though I can be a strong woman in my community. While I am still learning the role and improving my civil engagement strategies with the group, my community outreach has become stronger and has developed a higher self confidence level. It is a growing group of women who enjoy encouraging each other as well as getting involved with the community.” - Sara Borden

“The YWCA Woman’s Residential Program has been a godsend for countless women, I being one of them. It provides a safe environment for women to regain their self-esteem and self-confidence and the skills needed to move forward. I will always be thankful to the YWCA for that.” - Joanne Polk

Your support allows the YWCA to help women and their families toward empowerment.
